

(July 29, 2024 US Date)

To Whom It May Concern,

This letter is written in support of Sajud Hamza Elinjulliparambil.

The International Awards Associate (IAA) was established in 2016 as an awards organization specializing in award programs that cater to the business industry as a whole. As an acclaimed organization, we had the honor of hosting many renowned professionals from the industry, like Santiago Villegas, Tomofumi Nakata, Dennis Reno, Roland Bägén and many others as a part of our jury.

As the Data Analyst and Fullstack Developer of Consultadd INC, we invited Sajud Hamza Elinjulliparambil to be a part of the jury panel for this year's TITAN Business Awards. His expertise and years of experience are invaluable for adjudicating the many entries from all over the world.

We certify that Sajud Hamza Elinjulliparambil is vital to the success of the TITAN Business Awards. His energy, passion, and ingenuity propel the awards program further, raising the standards of the competition in the process.

Sajud is one of the biggest talents in the business industry, and we are sure his talents are well-warranted amongst the international community.

Yours truly,

Jae L.
Judging Committee Chairperson
International Awards Associate Inc.
